

Dear Incoming PVPHS Panthers,

The PVPHS community envisions its graduates as successful lifelong learners in a rapidly changing global environment. The depth and breadth of the curricular and extra-curricular programs produce students who achieve their highest academic, career and personal potentials, while developing positive self-images in a safe, secure, tolerant and aesthetic environment.

PVPHS students are challenged and inspired to achieve their potential. Individual differences and special needs are recognized and embraced as a key component to a positive learning environment. PVPHS offers a strong and meaningful curriculum that is supported by highly qualified and dedicated teachers whose goals and expectations are clearly articulated. We believe the key to our tradition of excellence is the continuous evaluation and improvement of our educational and extra-curricular programs and a personalized learning experience for your student.

PVPHS has earned a national reputation of excellence in academics, the arts, athletics and extra-curricular activities. Beyond our designation as a California Distinguished School, A National Blue Ribbon School, a New American High School and a Kennedy Center Alliance for Arts Education winner; PVPHS is a school where all students can discover their passions and create their own framework for future success.

We truly care about each child as an individual, each with his or her own aspirations and goals. We never lose sight of our one primary responsibility, which is to educate your children to succeed at institutions of higher learning and in their future careers. Our teachers and counselors work with each student to help them to achieve their post-secondary goals. We actively solicit parental involvement, and will, to the best of our ability, address any of your concerns.

I am proud of our students and invite you to visit the campus at any time.

Kelly Johnson
Principal
